The State and Vaccinations

- ▶ The state can not LEGALLY force you or your children to get the Covid vaccination as long as it is an “experimental” drug. However, many places are already starting to require the vaccines in CA.
- ▶ New York has already passed a bill that allows minors to get vaccinated WITHOUT parental consent at school. California has been attempting to pass similar bills within counties.
- ▶ SB277 passed in 2016 removing the ability to have religious exemptions from vaccines.
- ▶ SB 276 and SB 714 passed in 2019 and massively restricted and regulated immunizations and the allowance of medical exemptions. They also leave it open-ended to add any vaccine (like the covid vaccine) to the mandated requirement.

It's time to unplug from the system

- ▶ There are PLENTY of reasons to remove your children from the state's care and reach:
 - ▶ Garbage curriculum and ethic studies (AB 101)
 - ▶ The dumbing down of education and brainwashing of children
 - ▶ CPS now being involved in the schools
 - ▶ Children are getting increasingly more independent rights to make medical decisions for their body WITHOUT parental consent or even knowledge like: abortions, birth control, sex change hormones, vaccines, etc
 - ▶ Mandatory Covid counseling
 - ▶ Vaccine requirements

Non-State Academic Options:

Independent Homeschool

www.liberty.edu/online-academy/

Local Private School

- More expensive option
- Less freedom
- The planning and admin work is done for you
- Not guaranteed that they won't change policy under pressure

Independent Homeschooling...

it's not as hard as it sounds

- ▶ There are lots of myths (most of which are wrong) about homeschoolers. Don't be intimidated by hear-say.
- ▶ You don't have to be accredited to teach your children well! Public schools, with accredited teachers, have been failing for a long time in educating our children.
- ▶ Homeschooling is EASIER than distant learning.
- ▶ Just like learning how to do anything new...it's hardest at the beginning, but gets easier as you go.
- ▶ You CAN do this. And we're here to help!

What GT is doing to help

- ▶ Homeschooling Workshops

- ▶ July 12th, 19th, and 26th at 6:00pm

- ▶ ARROW Education

- ▶ ARROW Education will meet on Wednesdays from 10am to 2pm

- ▶ It is for grades K-12th

- ▶ IT IS NOT A DROP OFF PROGRAM. Parents are responsible for their children during facilitated classes and are expected to help out

- ▶ GT is not planning on creating a private school at this time.

Food and Water Shortages

- ▶ Using the climate change scare, Biden Administration is paying farmers to not farm their land. Their goal is to increase from 21 million acres to 25 million acres in their program.
- ▶ Bill gates is the largest owner of farm land in the US (4th in the world)
- ▶ 2 years ago, CA dams were overflowing and held over 5 years worth of water needed for all the people and farms in the state. This is a man made drought.
 - ▶ The CA Water For Food and People Movement

We have to think differently

- ▶ For decades, parents have felt more dis-empowered, both academically and medically
- ▶ Academics hasn't been what we thought it was for many decades.
- ▶ How can we best set our children up for success in the world today?
- ▶ How can I care for my child's health without Big Pharma?
- ▶ How can I provide food and water for my family if I can't go shopping?

Thank you for you time

- ▶ Please help spread the word to your friends and family
- ▶ PRAY, PRAY, PRAY, for our nation, state, leaders (both political and spiritual) and for the families
- ▶ DO NOT FEAR! You were born for such a time as this, and so were your children!
- ▶ God GAVE you your children. God will help you to raise the children He committed to you care.
- ▶ Remember that with Jesus, you truly CAN handle anything that comes your way
