

TOGETHER WE CAN MAKE A DIFFERENCE.

Our aim is to Reclaim the Republican Party for Conservatives, Reform the Party back to its Conservative Values, and Restore Republicans faith in the GOP. We don't need a third party. We need to return the Republican Party to its pro-Constitution roots.

— NATIONAL FEDERATION OF REPUBLICAN ASSEMBLIES

From national, to state, to local... The Republican Assembly is growing in Ventura County!

Who is the California Republican Assembly (CRA)? The CRA has been a political force for over 65 years. It offers conservative Republicans an alternative to the California state GOP. Known for its conservative activists, Howard Jarvis of Prop 13 fame was President of the Los Angeles County Republican Assembly in 1960, and President Ronald Reagan referred to the CRA "as the conscience of the Republican Party", crediting it with his successful election as Governor.

Who and what is the Ventura Chapter of the CRA? The newly formed Ventura County Republican Assembly, VCRA, is a certified chapter of the state CRA, serving all five county supervisorial districts. The chapter started to find, encourage, and support local conservative Republican activists and candidates to win in elections.

What do the NFRA, CRA & VCRA Believe: We believe man's "rights" flow from the Creator. That the rights of life, liberty, and justice are neither legitimately granted nor rescinded by men. We believe in the U.S. Constitution and The Bill of Rights as written. We support the American First agenda filled with conservative values. We believe in the traditional American family, the rights of parents regarding decisions for their children including quality education, the free enterprise system, the sanctity of life, a strong and consistent national defense, the right to bear arms, and the power of the individual over the power of the state. We believe only small government can truly serve the needs of people.

Who can join the VCRA & what does it cost? Unlike the state California Republican Party, CAGOP and the 58 county Central Committees that are elected, the CRA and its chapters are all-volunteer, unelected members. Members are registered Republicans who embrace CRA "Beliefs" and pay annual membership dues of \$25.00 for a calendar year.

What will I do as a VCRA volunteer? We need and encourage volunteers to become active in their district, forming local groups with monthly activities and meetings. The outreach in neighborhoods and larger communities where volunteers live is designed to find, recruit, and support conservative Republican candidates for school boards, city councils, county supervisorial districts, water boards, parks and recreation, and other local elected entities.

It's easy to join our mailing list!

What Do Members of the California Republican Assembly Believe?

Inalienable Rights: We believe that man's "rights" flow from the Creator and the rights of life, liberty, and justice cannot be legitimately granted or rescinded by men.

Judeo-Christian Foundation: We believe in the guiding force of moral law as expressed by the Judeo – Christian ethic and contained in the Holy Scriptures of these historic faiths.

Self-Government: We believe that the only answer to the current moral decline that our nation now faces is a return to the beliefs and standards of morality which our founding fathers placed into the Constitution. We believe with the framers of that document when President Adams stated, "This Constitution will not work except with a religious people." We understand that the concept of self-government begins with governing oneself first, then family, community, state, and nation.

Education: We believe in the rights of parents to a quality education for their children. We support parental choice to create competition among the schools. We must ensure that no school or teachers union can compromise the education of our children or advance a particular political agenda at the expense of our future generation's educations.

Taxes: We believe that the federal tax system is abusive to the American people while discouraging investment and growth. We believe in growth-oriented tax policies which would gradually eliminate punitive income taxes and move our tax system in the direction of use taxes and sales taxes only.

Free Enterprise: We believe in the free enterprise system as the best hope for men and women to fulfill their economic hopes and dreams. We know that the free market is the most efficient and the least costly system to deliver the highest quality goods and services at the lowest price to the consumer. We will support only those who support the free enterprise system through legislation to reduce or eliminate intrusive government intervention in the marketplace.

Family: We believe that the traditional American family, defined as any persons related by blood, marriage of a man and a woman and/or adoption, is the cornerstone of our American society, and the government is duty bound to protect the integrity of the family unit through legislation and taxation policies.

Sanctity of Life: We believe that the preborn child is a human being deserving the full protection of the law.

National Defense: We believe in a strong and consistent national defense. We believe in victory over, and not accommodation with tyranny in any form or philosophy.

Right to Bear Arms: We believe in the unqualified right of our citizens to keep and bear arms without the intrusive hand of government.

Victims' Rights: We believe in the concept of victims' rights over the rights of any criminal. We support a system of restitution as a deterrent to crime and recidivism.

Term Limitation: We believe that public service is a privilege. We support term limits for public officials, not as an ideal but as a necessity to dissuade career politicians. It is the people who should rule, not an elite with little accountability.

National Sovereignty: We believe in an America first program in which Government's first concern is the welfare and protection of the American people. We do not believe in trade protectionism but support political leaders who will adopt policies that create fair and competitive trade.

Decentralized Government: We believe in the power of the individual over the power of the state. We believe that only small government truly serves the needs of the people.
